

TROPICA

Technical Requirements // Rider v. 1.3

This document contains the technical requirements of Tropica. We would be happy if the technical conditions of the venue fulfill the requirements, but if not, we will of course get together with the organizer to find solutions for a successful concert.

Tropica are:

Dino Mujcinovic - Vocals, Guitar
Tobias Kresin - Vocals, Guitar
Fabian Kresin - Vocals, Bass
Nino Schneyer - Vocals, Keys
Tim Grünewald - Drums

Inputs:

CH1: Vocals (Dino)
CH2: Vocals (Tobi)
CH3: Vocals (Fabi)
CH4: Vocals (Nino)

CH5: E-Guitar 1, Amp (Dino)
CH6: E-Guitar 2, Amp (Tobi)
CH7: Keys L, DI (Nino)
CH8: Keys R, DI (Nino)

CH 9: Keys 2, Mono, DI
CH10: Bass, DI (Fabi)
CH11: Kick (Drums)
CH12: Snare (Drums)
CH13: Snare Bot (Drums)
CH14: Tom1 (Drums)
CH15: Tom2 (Drums)
CH16: Overhead (Drums)

Rack Front

16 Inputs from Stage

16 Outputs to stagebox

If you have other ideas to mic the drums, we are open for everything.

We have liverack for in-ear-monitoring:

We need **CH 1 to 10** going from stage into our splitter in the rack. You get the channels directly out to the stagebox. We don't need the drums in-ear so you can ignore channels 11 to 16.

Additional A simple stage monitor setup would be nice.

Nino // Vocals & Keys

Tim // Drums

Tobi // Vocals & Guitar

Dino // Vocals & Guitar

Fabi // Vocals & Bass
